TERMS AND CONDITIONS:

Equipment must meet state and local code requirements and be in good working condition. Cape Cod Gas Heat & Hot Water will not perform any work which involves the disturbance of asbestos. Cape Cod Gas Heat & Hot Water reserves the right not to repair an appliance and recommend equipment replacement, if the estimated cost of repair is greater than the value of the appliance, in which case, replacement will be at the customer's expense. Cape Cod Gas Heat's obligations under this contract are contingent upon you remaining current with annual contract fees. If any reason during the term of contract you fail to make any payment due within thirty days of invoicing, Cape Cod Gas Heat may charge you, and you will owe the normal repair rate for repairs performed during the term. Such a charge shall not affect any other rights that Cape Cod Gas Heat may have against the customer.

I have read the Customer Protection Plan Contract. I understand the terms and conditions of the contract and I agree to abide by its provisions, including my coverage fee for one year. I further understand that I may cancel this contract provided I notify Cape Cod Gas Heat & Hot Water by the third business day following the signing of this agreement.
